

*Medilink is driven and directed by its core principles, beliefs and values, which are to:*

- ✔ *Deliver best value healthcare, without compromising on the exceptional level and quality of care we provide;*
- ✔ *Promise only those services that we can deliver effectively and to the highest standards of safety;*
- ✔ *Be passionate about what we do, and ensure that our sense of fairness, honesty, trust and respect extends to all our stakeholders and is never compromised;*
- ✔ *Conduct ourselves with sensitivity and hold ourselves accountable to the highest ethical and environmental standards wherever we operate;*
- ✔ *Develop and empower local personnel to take on leading medical roles and responsibilities through training and skills' transfer programmes.*
